Subject: RE: Clarification for Tuesday

Barb,
Can you send Neil a link for the meeting.
Thuy who was my initial contact with EPA has suffered a family emergency that will not allow her to attend.
Neil is going to explain the EPA test program in her stead.
Do we have a call in number?

From a content standpoint this looks fine.
I may forward you a couple of questions in advance to save time.
Others will have some of their own.

Jeff – Thanks for sending along my info.

Lonnie – I'll be filling in for Thuy Nguyen who I know informed you she couldn't attend unfortunately.

Thanks,
Neil

Subject: Clarification for Tuesday

Hi all,

I just wanted to be clear about what EPA is presenting next Tuesday. There are actually 2 of us who are presenting, myself and Neil Anderson who is the deputy director in the BEAD division where the lab is housed that is doing the analytical work on the containers.

I am going to provide information on the general activities which are ongoing in the Agency related to PFAS. Neil is going to discuss the specifics of the container issue.

Neil is going to need the agenda and links to access the meeting.

Logistical questions – are we presenting from our own computers/sharing are do you need the slides in advance so you can host? Also, I don't see a back up phone number to call in should there be a tech failure... (e.g., Neil or I lose power or internet mid presentation). Am only brining this up because its happened to me a couple of times.

Thanks and hope this helps clarify what we were planning.

Please let Neil or I know if you have questions/additional info.

Jeff
